

# Bones (Casualties of Cool)

Capo: 3

## Verse 1:

Am Am Am Am

F Dm Am Am

Am Am Am Am

F E Am Am

For all your light

You were not delivered

Landing hard

Amidst the bones and myself

In I you trusted

All your worries and wonders

But you will find no comfort here

## Chorus:

F Am F E7

C Am C E7

I built this road and this journey before you

These bones were men who all fell at my feet

And when you're tired and afraid I will hold you

Build you up, just to tear you apart

Am G Am Ammaj7

This way, my child

## Instrumental:

Am Am Am Am

F Dm Am Am

Am Am Am Am

F E Am Am

## Chorus:

F Am F E7

C Am C E7

I'll take the journey this road that's beside you

I'll give her everything more than I am

And when there's nothing left burning inside you

Your bones will riddle the ground with the rest

Am G Am Ammaj7

And welcome the next...
